DETAILED ACTION

Drawings

The drawings are objected to as failing to comply with 37 CFR 1.84(p)(5) because they do not include the following reference character(s) mentioned in the description: slit 19a. Corrected drawing sheets are required in reply to the Office action to avoid abandonment of the application. Any amended replacement drawing sheet should include all of the figures appearing on the immediate prior version of the sheet, even if only one figure is being amended. The replacement sheet(s) should be labeled "Replacement Sheet" in the page header (as per 37 CFR 1.84(c)) so as not to obstruct any portion of the drawing figures. If the changes are not accepted by the examiner, the applicant will be notified and informed of any required corrective action in the next Office action. The objection to the drawings will not be held in abeyance.

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless -

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claim 1 is rejected under 35 U.S.C. 102(b) as being anticipated by Livesey et al. [US 5,260,533].

Livesey et al. discloses a circuit breaker [20] comprising:

- a fixed contact [32];
- a movable contact [34] movably arranged to the fixed contact;

Application/Control Number: 10/644,736 Page 3

Art Unit: 2832

an operation handle [140] moving between an ON position and an OFF
 position for opening and closing the movable contact;

- a switching device [88] including a switching lever [134] connected to the operation handle and having a protrusion [130], a toggle linkage [114] connected to the movable contact and the toggle having upper and lower links [116, 118] connected by a link shaft [150], a trip mechanism [86] for activating the toggle linkage in response to an over-current and an operating spring [132] disposed between the switching lever and the toggle linkage;
- an over-current tripping device [72] connector the switching device for performing a tripping operation in response to the over-current; and
- a locking member [240] attached to the switching lever for interconnecting the toggle linkage and the switching lever to restrict a movement range of the switching lever according to a position of the toggle linkage so that when the movable contact is stuck to the fixed contact, the locking member prevents the handle from moving to the OFF position by restraining a movement of the switching lever [column 15, line 53-column 16, line 4].

Allowable Subject Matter

Claims 2-3 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Conclusion

Art Unit: 2832

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.

Crookston et al. [US 5,296,664], Beck et al. [US 5,290,982], Dimond [US 3,605,052], Chou et al. [US 5,184,717] and Maier et al. [US 3,560,683].

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Lincoln Donovan whose telephone number is (571) 272-1988. The examiner can normally be reached on M-F 8:30-5:00.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Elvin Enad can be reached on (571) 272-1990. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.

Information regarding the status of an application may be obtained from the Patent Application Information Retrieval (PAIR) system. Status information for published applications may be obtained from either Private PAIR or Public PAIR. Status information for unpublished applications is available through Private PAIR only. For more information about the PAIR system, see http://pair-direct.uspto.gov. Should you have questions on access to the Private PAIR system, contact the Electronic Business Center (EBC) at 866-217-9197 (toll-free).
